Benefit Piano Concert

On Monday, July 18, 2016, the Gabriela Mistral Foundation, Inc. and Universidad Finis Terrae/Red Cultural presented two piano concerts with Mark Damisch a pianist from the city of Chicago, to benefit the music program of the schools of Sociedad de Instrucción Primaria. This event was possible by the generous collaboration of FFV

Desarrollo Inmobiliario,Viña Tierra de Poetas, Radio Beethoven and Las Bellotas.

The morning concert was offered for the students, faculty and administrators and the families of the U. Finis Terrae community. The evening concert was a benefit concert opened to the public. We are grateful to all the attendees and

their generous donations. All proceeds were used to donate 15 new violins of excellent quality. Music is a most important element and has the power of changing lives. We are grateful to Ms. Magdalena Merbilhaa, U. Finis Terrae, Alvaro Gallegos and everyone who collaborated and participated in this great initiative!
